

## MEETING REPORT

**Team Name:** Techengers

**Date of Meeting:** 27.05.2021

**Start Time:** 19:00 **End Time:** 2:30

**Meeting Location:** meet.google.com

**Moderator:** Rei Balla

**Recorder:** Rei Balla

**Other Members Present:** Klejda Kumi

Nikaela Balla

Xhesika Bicaku

Xhois Shaholli

**Members Absent:** Lidio Hoxha

### Topics Discussed:

1. Non functional requirements
2. Adding exercises, events and other features to the dashboards
3. Discussing user scenarios in depth and better functional requirements

### Decisions Made:

1. Each team member was assigned to work on non functional requirements. We talked about performance, security, authentication and authorization etc. This is the second week the team is working on it.
2. Adding new functionality to the system such as:
  - a. Exercises: the ability for every user role to create exercises, delete and modify them.
  - b. Events: ability for staff to create events and for users to get events and display them as latest events.
  - c. Creating functions for users with staff roles to get analytics and information about the system, such as current active users, number of total exercises etc.
3. Discussed user scenarios with the team to be added on requirements.

These user scenarios will be created according to current functionalities and will be updated in coming weeks if these functionalities change.

### Tasks Assigned:

Frontend:

- Add new views to dashboards
- Make pages for adding new exercises/events or editing them
- Link ui to backend with forms.py
- Work on other non finished tasks

Backend:

- Make Exercises, Events and other models
- Make forms.py for each model
- Work on user roles
- Work on other non finished tasks

**Time, Place, and Agenda for Next Meeting:** Thursday 21:00, online [meet.google.com](https://meet.google.com) to discuss admin related features, their implementations and including Diet Plans.
